2. SERVICE DESCRIPTION

The Provider agrees to deliver professional stereo mastering for five (5) tracks submitted by the Client as part of a single EP or project bundle. This service includes:

- Individual stereo mastering of all five (5) tracks — industry-standard loudness, clarity, and punch for each song.
- Sonic consistency calibration across the full EP — volume, tone, and energy balanced so all tracks flow cohesively as a complete project.
- Streaming optimization for all major platforms including Spotify and Apple Music.
- Delivery of all five mastered tracks as a complete set within the agreed turnaround period.

3. FILE SUBMISSION REQUIREMENTS

The Client agrees to deliver files meeting the following standards:

- Format: 24-bit stereo WAV files. No MP3 submissions accepted.
- Headroom: At least -6dB on the master bus of each track. No limiter or hard clipper applied prior to submission.
- Track Count: Exactly five (5) stereo WAV files. This bundle does not cover additional tracks beyond five.
- Labelling: Each file labelled with its track number and title in EP sequence order (e.g., 01_TrackName, 02_TrackName).
- Submission: All five files delivered together in one folder via Google Drive or WeTransfer to Mxstermxndsbeats@gmail.com.

The 72-hour-per-track turnaround begins upon confirmed receipt of the complete, compliant five-track file package. Partial submissions will not initiate the turnaround clock.

4. DELIVERABLES & TURNAROUND

- All five mastered tracks delivered as a complete bundle within 72 hours per track of receiving the full, compliant file package.
 - Delivery format: Individual high-resolution stereo WAV files for each track, streaming-optimized.
 - Tracks will be delivered together as a complete set to allow the Client to review the full project flow before approval.
 - Revision policy: One (1) round of revisions per track is included. Revision requests must be submitted in writing within 7 days of delivery.
 - Additional revisions may be subject to a fee, communicated to the Client in advance.
-

5. PAYMENT

Full payment is due at the time of purchase, prior to file submission. The agreed bundle fee is confirmed at checkout and covers all five tracks as a single service engagement. No per-track pricing applies once the bundle is purchased.

6. REFUND POLICY

- Full refund available if the Client cancels before submitting files and before any work has begun.
 - Once the first mastered track is delivered, the full bundle payment is non-refundable, as it covers engineering time across the complete project.
 - Refund requests must be submitted in writing to Mxstermxndsbeats@gmail.com.
-

7. SCOPE & BUNDLE TERMS

This agreement covers exactly five (5) tracks. If the Client wishes to add additional tracks beyond five, a separate service agreement or upgrade will be required. Unused track slots within the bundle are non-transferable and non-refundable after delivery has begun.

8. INTELLECTUAL PROPERTY

The Client retains full ownership of all original recordings and underlying compositions. The Provider acquires no ownership or licensing rights through this mastering service.

The Provider may reference the mastered work as a portfolio example unless the Client requests otherwise in writing prior to delivery.

9. CLIENT RESPONSIBILITIES

The Client warrants that all submitted audio is legally owned or licensed and does not infringe upon third-party intellectual property rights. The Provider accepts no liability for copyright disputes arising from submitted material.

The Client is responsible for submitting all five files in a compliant format as outlined in Section 3. Non-compliant files will delay the start of the turnaround clock until corrected files are received.

10. LIMITATION OF LIABILITY

The Provider's liability is limited to the bundle service fee paid. The Provider is not liable for lost revenue, missed release dates, or any indirect damages arising from this service or its delivery timeline.

11. GOVERNING LAW

This Agreement shall be governed by applicable law. Disputes shall first be addressed through good-faith negotiation before either party pursues formal legal remedy.
