2. SERVICE DESCRIPTION

The Provider agrees to deliver a full mix and master for 4 to 9 songs as part of the Client's EP or project, under the Deluxe EP Bundle engagement. This service includes:

- Full professional mix for each track — surgical treatment of all stems, vocals, and production elements.
- High-fidelity master for each track — industry-standard loudness, clarity, and streaming optimization.
- Executive-level sonic direction — creative guidance applied across the full project to ensure cohesive identity and flow.
- Priority scheduling — the Client's project is placed at the front of the Provider's production queue.
- Flexible submission structure — tracks may be submitted and worked on progressively as the Client completes recording.

3. FILE SUBMISSION REQUIREMENTS

The Client agrees to deliver files meeting the following standards for each track:

- Format: 24-bit WAV files. No MP3 submissions accepted.
- Effects: All stems exported dry — no reverb, delay, pitch correction, or effects applied prior to submission.

- Labelling: Each track folder labelled with the song title and its intended EP position (e.g., 01_SongTitle).
- Sync: All stems within each session exported at the same length and sample rate.
- Reference Tracks: The Client is strongly encouraged to provide reference tracks per song or for the overall EP direction.

Files must be delivered via Google Drive or WeTransfer to Mxstermxndsbeats@gmail.com. Tracks may be submitted individually as recording is completed. The turnaround clock for each track begins upon confirmed receipt of that track's compliant file package.

4. DELIVERABLES & TURNAROUND

- Each track will receive a full mix and master. Turnaround per track will be communicated at the time of each submission based on current queue status.
- Delivery format: Stereo WAV mix file and a separate mastered WAV for each track, full resolution.
- Revision policy: Three (3) rounds of revisions per track included. Revision requests must be submitted in writing within 7 days of delivery of each track.
- Additional revisions beyond three rounds per track may be subject to a fee, communicated in advance.

5. PAYMENT & INSTALLMENT TERMS

Full payment is due at the time of purchase unless an installment plan has been agreed upon in advance. Installment terms are as follows:

- Completed tracks will be delivered in batches as each installment payment is received and confirmed.
- Final, full-quality files for all tracks will be released upon receipt of the final installment payment.
- If an installment payment is not received within 14 days of its due date, the Provider reserves the right to pause work until payment is secured.
- Partial completion of the payment schedule does not entitle the Client to a partial refund on tracks already delivered.

The agreed bundle fee covers all tracks within the 4 to 9 song scope. No per-track pricing applies once the bundle is confirmed.

6. REFUND POLICY

- Full refund available if the Client cancels before submitting any files and before work has begun on any track.
- Once the first mix draft of any track is delivered, the full bundle payment is non-refundable, as it covers engineering time and priority scheduling across the full project.
- Refund requests must be submitted in writing to Mxstermxndsbeats@gmail.com.

7. SCOPE & BUNDLE TERMS

This agreement covers a minimum of 4 and a maximum of 9 tracks. The confirmed track count is established at signing. If the Client wishes to add tracks beyond the agreed count, a separate upgrade agreement will be required at an additional rate. Unused track slots are non-transferable and non-refundable once work has begun on any track in the bundle.

8. INTELLECTUAL PROPERTY

The Client retains full ownership of all original recordings and underlying compositions. The Provider acquires no ownership or licensing rights through this mixing, mastering, or direction service.

The Provider may reference completed work as a portfolio or reel example unless the Client requests otherwise in writing prior to delivery.

9. CLIENT RESPONSIBILITIES

The Client warrants that all submitted audio is legally owned or licensed and does not infringe upon third-party intellectual property rights. The Provider accepts no liability for copyright disputes arising from submitted material.

The Client is responsible for providing clear creative direction and reference tracks to facilitate the sonic direction process. Delayed communication or missing session information may affect turnaround timelines.

10. LIMITATION OF LIABILITY

The Provider's liability is limited to the bundle service fee paid. The Provider is not liable for lost revenue, missed release dates, or any indirect damages arising from this service or its delivery timeline.

11. GOVERNING LAW

This Agreement shall be governed by applicable law. Disputes shall first be addressed through good-faith negotiation before either party pursues formal legal remedy.

12. AGREEMENT & SIGNATURES

By signing below, both parties confirm they have read, understood, and agreed to the terms of this Service Agreement.
